Education

Purdue University — West Lafayette, IN
Bachelor of Science in Computer Science — *Aug. 2026 – May 2030*

- **Relevant Coursework:** CS 18000 (Object-Oriented Programming), CS 19300 (Tools), MA 16100 (Calculus I)
- **Programs:** The Data Mine (General Cohort)

North Allegheny Senior High School — Wexford, PA
Weighted GPA: 4.32 | AP Scholar with Distinction — *Aug. 2022 – May 2026*

Projects

DuckDays | *Swift, SwiftUI, WidgetKit, AppIntents, Python* | App Store — Jul. 2026 – Present

- Built and shipped a native iPhone countdown app on the App Store with home-screen widgets in three sizes, 22 animated pixel-art duck designs, and no account required.
- Shipped v2.0 with multiple simultaneous countdowns, using AppIntent-driven widget configuration and App Group storage so each widget shows its own countdown and stays synced with in-app edits.
- Wrote a Python pipeline that generates duck sprites, Swift style data, and alternate app icons from one source.

Tradr | *React, TypeScript, Vite, Tailwind CSS, TradingView Lightweight Charts* | Live — Jun. 2026 – Present

- Built and deployed a swipe-based paper-trading web app that teaches candlestick chart reading: users make buy/sell calls with simulated money, then see how each trade played out.
- Lets users set their own stop-loss and take-profit levels, then breaks down why each call worked or didn't, with balance and trade history saved locally.
- Mixes real historical market data with generated charts to create a wider range of practice scenarios.

Experience

C.M.U. S.M.A.R.T. Apprentice — Jun. 2024 – Aug. 2024
Carnegie Mellon Robotics Academy — *Pittsburgh, PA*

- Built an Arduino robot and programmed its movement and sensor responses in C.

MCF AI Boot Camp — Oct. 2023 – Dec. 2023
Carnegie Learning

- Completed a six-week, 30-hour project-based program covering AI fundamentals and coding.

Leadership & Activities

DECA — 2024 – 2026
ICDC Qualifier, State Qualifier — *North Allegheny High School*

- Qualified for the International Career Development Conference (ICDC) junior year, top 5% worldwide.
- Qualified for the state conference senior year; scored 100/100 on a competitive roleplay event.

Club Leadership | *North Allegheny High School*

- Founded the St. Jude Club and served as president, running fundraisers and awareness campaigns for St. Jude Children's Research Hospital.
- President of the Table Tennis Club; placed 2nd and 4th at two separate 100-player tournaments.
- Vice President of the Young Investors Society and the Crohn's Care Alliance; Treasurer of the Spanish Club.

Community Service

- Taught kids to code in Python and HTML with Steel City Codes; tutored math and biology for 50+ hours.
- Red Cross Blood Donor Ambassador; National Honor Society; Key Club Distinguished Member.

Technical Skills

Languages: Swift, Python, Java, C, JavaScript, TypeScript, HTML/CSS
Technologies: SwiftUI, WidgetKit, AppIntents, React, Tailwind CSS, Arduino, Xcode, Git, GitHub
Certifications & Coursework: IBM Cybersecurity Fundamentals, IBM AI Fundamentals, HarvardX CS50x, Software Foundations Micro-Certification
